

SUNSTAR

PROFESSIONAL PRODUCT CATALOG

YOUR LIFELONG BRAND PARTNER

“RESIDUAL BACTERIA IN THE MOUTH MAY ENTER THE BLOOD STREAM AND BE CARRIED THROUGHOUT THE BODY CAUSING INFLAMMATORY REACTIONS.”

Sunstar Foundation: Expert Co-ordination Meeting on Oral Health and Systemic Health - Periodontal Medicine: Health Policy Implications. Geneva, December 2002.

SUNSTAR

The SUNSTAR global mission is based on our corporate philosophy to “Always strive to help people everywhere achieve better health and enhance their quality-of-life.” In support of this mission and vision, we will continue to focus on the investigation of the possible links between severe gum disease and illnesses such as heart disease, stroke, diabetes, adverse pregnancy outcomes and other systemic conditions and stop the chain reaction. Our role as one of the world’s leading oral care companies is to provide you with services and clinically designed and supported products to address periodontal disease and overall oral health conditions.

OUR BRANDS

PERIODONTAL DISEASE AND SERIOUS MEDICAL CONDITIONS

In recent years, studies have shown that oral bacteria can enter the blood stream and travel throughout the body.

Bodily response to the bacteria, including generation of cytokines, can lead to serious health problems, such as increased risk for cardiovascular disease, aggravation of diabetes, pneumonia and other respiratory diseases, stroke and even adverse pregnancy outcomes. Yet, despite published studies this topic has been given little recognition by the media, national governments or health professionals.

Take care of your mouth and you will take care of your overall health.

Toothbrushing should start early to form proper habits. GUM® can help your child to learn the right habit.

GUM® Technique® Kids Toothbrush

Quad-Grip® handle teaches children the proper brushing method!

- Cushioned grip helps kids place bristles at a 45° degree angle so that optimal, below the gum line cleaning is achieved
- Comes in four different colors

Item #	Texture	Size
221	Soft	Full

NO: 901 GUM Kids Monsterz Toothbrush (2+ years)

GUM® Kids Monsterz Toothbrush (2+ years)

- Small and cushioned head adapted to the child's mouth protects the teeth and gums.
- Soft bristles gently remove plaque and the center, colored bristles indicate the right dose of toothpaste.
- Ergonomic handle with thumb pad for good grip.
- Fun monster design with suction cup to keep bristles clean and reduce clutter in the counter.

GUM® Junior Monsterz Toothbrush (5+ years)

- Cushioned head adapted to the child's mouth protects the teeth and gums
- Soft bristles gently remove plaque and the center, colored bristles indicate the right dose of toothpaste
- Ergonomic handle with thumb pad for good grip
- Fun monster design with suction cup to keep bristles clean and reduce clutter in the counter

NO: 902 GUM Junior Monsterz Toothbrush (5+ years)

MONSTERZ

NO: 213 GUM Baby Monsterz Toothbrush

GUM® Baby Monsterz Toothbrush

- Extra small head fits easily into infant's mouth.
- Longer handle helps parents to keep a firm hold of the brush.
- Gentle, soft bristles thoroughly remove plaque from each tooth to help prevent the appearance of cavities.

GUM® Junior Mouthrinse

- Effectively helps prevent cavities by remineralizing the dental enamel thanks to our combination of fluoride and isomalt.
- No alcohol.
- Gentle formula contains natural chamomile flower extract.
- Yummy strawberry flavor

NO: 3022 GUM Junior Mouthrinse 300ml

NO: 3000 GUM Kids Toothpaste 50ml

GUM® Kids Toothpaste (2-6 years)

- Contains patented combination of Fluoride and Isomalt to enhance remineralization process.
- Fluoride concentration (500 ppm) specifically suited for children under 6 years old.
- Yummy strawberry flavor.

NO: 3004 GUM Junior Toothpaste 50ml

7+ GUM® Junior Toothpaste

- Contains patented combination of Fluoride and Isomalt to enhance remineralization process.
- Contains 1450 ppm Fluoride.
- Less abrasive than adult toothpaste so as not to damage the still soft dental enamel of the new permanent teeth.
- Tasty tutti-frutti flavor to please taste buds.

BUTLER MONSTERZ

Butler® Monsterz Propy Paste

- Contains 1.23% Fluoride & Gluten-free
- Effective stain removal and gentle on enamel and dentin
- 3 fun flavors (cherry, mint & bubble gum) & a splatter free formula

NO: 3080 GUM Ortho Toothpaste 75 ml
NO: 3082 GUM Ortho Toothpaste 12 ml

GUM® Ortho Toothpaste

- Advanced cavity prevention and gum protection
- Superior remineralization of tooth enamel and better prevention of white spot lesions and cavities. Fluoride (1490ppm) + Isomalt
- 0.05% Cetylpyridinium Chloride for antibacterial action and prevention of plaque build-up
- Natural anti-irritant ingredients (Bisabolol, Ginger Extract, Aloe Vera, Vitamin E) to soothe gingival tissue
- Low foaming to encourage longer brushing
- Gel form for better flow on and around brackets
- Gentle spearmint flavor for pleasant fresh taste
- No Sodium Lauryl Sulfate that can irritate gingiva and soft tissues

NO: 3090 GUM Ortho Mouthrinse 300 ml
NO: 3092 GUM Ortho Mouthrinse 30 ml

GUM® Ortho Mouthrinse

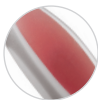

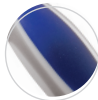

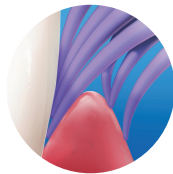

- Advanced cavity prevention and gum protection
- Higher fluoride content (400 ppm) than regular mouthrinse for superior remineralization action
- 0.05% Cetylpyridinium Chloride for antibacterial action and prevention of plaque build-up
- Natural anti-irritant ingredients (Bisabolol, Ginger Extract, Aloe Vera, Vitamin E) to soothe gingival tissue
- Gentle spearmint flavor for pleasant fresh taste
- No CHX or Alcohol: for daily and safe use. Gentle on oral mucosa

It is important to continue
to practice
good oral hygiene to
prevent dental issues such
as cavities.

New design featuring flat cut single tuft!

- Flat cut design
- Firm yet gentle bristles allow a comfortable and thorough cleaning.

Item Pkg
4141003 12/box

Item	Pkg
760	6/box

Up to 50% of bad breath comes from residues on the tongue.

75% of bad breath compounds are removed by tongue cleaning.*

*Pedrazzi V, et al. Tongue - Cleaning methods: a comparative clinical trial employing a toothbrush and a tongue scraper. J Periodontol 2004 Jul; 75: 1009-1012.

GUM® 2-in-1 Tongue Cleaner

- Two rows of bristles reach into tiny grooves on the tongue's surface to dislodge bacteria and food particles.
- Two rows of serrated scrapers gently remove bacteria and food particles while cleaning the tongue's surface.
- Narrow head reduces gag reflex.

Item	Pkg
385804	12/box

Butler® Tongue Cleaner

- Dual action design allows scraping and brushing of the tongue in one go.
- Narrow handle for a more comfortable handling.

Butler® Clear Dip® Solution

- Prevents fogging and image distortion on mouth mirrors.
- Pleasant tasting, non-toxic formula.
- Mint flavored
- Especially great for heavy mouth breathers

It is perfect for working with a patient who is a mouth breather (and it seems just about every patient does that from time to time) but I find it most valuable when working with the ultrasonic scaler and the water sprays onto the mirror. When dipped in the Clear Dip, the water spray slides right off the mirror, and the mirror stays clear --visibility is not compromised. From a patient's perspective, it tastes good-- I have had patients comment on that flavored solution for the mirror-- they think it is something to make the mirror taste better! It is a win/win product for the hygienist and the patient. It is easy to use, it keeps the mirror clear and free of fog and water droplets so the hygienist has good visibility, and the patient is happy that the hygienist applied something to the mirror to make it taste better!

- Christel Koppel Autuori, RDH,
FAADH, MA
